

RADIOLOGY PROGRAM MISSION STATEMENT:

The mission of the Radiologic Technology program at Pearl River Community College is to provide a quality educational experience in the radiological science profession and to help the student succeed both academically and clinically as an entry level radiographer.

RADIOLOGY PROGRAM GOALS: Our Program promotes its mission by:

- GOAL 1: Students will be clinically competent.**
- GOAL 2: Students will demonstrate critical thinking skills.**
- GOAL 3: Students will communicate effectively.**
- GOAL 4: Students will model professionalism.**
- GOAL 5: Students will meet needs of communities of interest**

Our mission includes preparation in the affective, cognitive, and psychomotor domains and our goal is to produce clinically competent technologists that model professionalism constantly and consistently. We strive to assist our students to develop problem solving skills that will allow them to communicate effectively and successfully with the patient and that will allow them to meet the needs and demands of our profession in our surrounding community.

RADIOLOGY PROGRAM: STUDENT LEARNING OUTCOMES:

Goal 1: Radiology students will be clinically competent.

- Program Student Learning Outcomes for GOAL 1:

- A. Students will position properly and be successful on final terminal competency examination for the clinical component.
- B. Students will select proper technical values (Rex values) for procedure of interest.
- C. Students will use appropriate radiation protection methods while in the clinical setting.

Goal 2: Students will demonstrate critical thinking skills.

- Program Student Learning Outcomes for GOAL 2:

- A. Students will successfully analyze and solve clinical setting problems and scenarios.
- B. Students will successfully perform and complete mobile/portable examinations.
- C. Students will successfully perform and complete competencies on trauma cases.

Goal 3: Students will communicate effectively.

- Program Student Learning Outcomes for GOAL 3:

- A. Students will effectively communicate verbally by patient interaction.
- B. Students will effectively communicate in written form.
- C. Students will effectively communicate in presentation form.

Goal 4: Students will model professionalism.

- Program Student Learning Outcomes for GOAL 4:

- A. Students will regularly attend class.
- B. Students will interact well with technologist and supervisory staff.
- C. Students will understand ethics in a comprehensive manner.

Goal 5: Students will meet needs of communities of interest.

- Program Student Learning Outcomes for GOAL 5:

- A. Students will pass ARRT exam on the first attempt.
- B. Students will be employed in the radiology profession within 12 months of graduation.
- C. Students will complete program within 150% of the required time.
- D. Students/Graduates will provide positive educational satisfaction rate.
- E. Students will receive a positive employer satisfaction rating from their employers.
