You or your spouse, (if married), have listed little or no resources for 2014. You and your spouse (if married) must further explain how you were supported for 2014. Please be specific. **Failure to provide adequate information will result in an incomplete file in the Office of Financial Aid and your request for financial aid will not be processed.**

So that we can fully understand the family’s financial situation, please provide below information about any other resources, benefits, and other amounts received by the student and any members of the student’s household. List any money received or paid on the student’s or spouse (if married) behalf (e.g., payment of bills) and not reported elsewhere on the FAFSA or previously submitted verification documents.

This may include items that were not required to be reported on the FAFSA or other forms. For example: if someone is paying rent, utility bills, etc., for the student/family or gives cash, gift cards, etc., include the amount of that person’s contributions. Please note that support also includes distributions to the student from a 529 plan not owned by the student or custodial parent.
