Centennial Celebration a success

PRCC celebrates first 100 years with eye on future

Homecoming Day full of activities

Centennial parade attracts big crowd

Homecoming queen, maids

2008 PRCC Homecoming queen, maids

Summer Carnings of Kilmarnock, queen, will reign over Pearl River Community College's homecoming festivities Oct. 4 through Oct. 11. She and her court will attract 30,000 fans to all sports and student events.

For more information, please visit www.prcc.cc.ms or call the PRCC Alumni Office at 601-447-8511.

PRCC celebrates first 100 years with eye on future

The Pearl River Community College Scholarship Tournament is set for Oct. 4 on the PRCC main campus. The tournament will be held in conjunction with the PRCC Spirit of the River Homecoming parade.

The annual Coach Keith Daniels Memorial Golf Tournament will be held Tuesday, Oct. 11, at Mount Olive Country Club.

For more information, please contact Tina Jr, at the PRCC-Wilson Center at 601-447-1329. PRCC hosts two disc golf tournaments a year, one in the fall and one in the spring.

PRCC's Who's Who nominations are due on Friday, Oct. 10

Nominations for Who's Who Among Students in American College are due Friday, Oct. 10. The annual event celebrates students who have demonstrated leadership, academic excellence, and overall contributions to the college community.

For more information, contact Tina Jr, at the PRCC-Wilson Center at 601-447-1329.

GED classes in Poplarville

Poplarville Pearl River Community College offers a free Adult Education literacy program for those interested in earning their GED. The classes meet from 9 a.m. to 12:15 p.m. Monday and Thursday at the Poplarville_Wilson Center.

For more information, contact Tina Jr, at the PRCC-Wilson Center at 601-447-1329.
Before Katrina, Gustav, Hurricane Camille was king of storms

By BLAKE HENDRIX
September 2008 • Page 2 The DRAWL

In the 1960s and 1970s, several storms from other states had caused damage to Mississippi but had never caused as much as Hurricane Camille. The storm caused the most destruction in Mississippi in the 20th century. Camille hit Louisiana on August 17, 1969, and continued on to Mississippi, causing the most damage. Camille was a Category 5 storm when it made landfall in Louisiana on August 17, 1969. It then crossed Mississippi, killing 182 people and injuring 781. Camille was a Category 3 storm when it made landfall in Mississippi on August 18, 1969. The storm was a Category 1 storm when it hit the Carolinas and was downgraded to a tropical storm when it hit Virginia. Camille was a Category 3 storm when it hit New Jersey and was downgraded to a tropical storm when it hit Delaware. Camille was a Category 1 storm when it hit Maine. Camille was also a Category 5 storm when it hit Cuba and was downgraded to a tropical storm when it hit Puerto Rico. Camille was a Category 1 storm when it hit Mexico and was downgraded to a tropical storm when it hit Central America.

The storm was so powerful that it caused more damage than any other storm in Mississippi. Camille caused more damage than Hurricane Katrina, which was a Category 4 storm when it hit Mississippi on August 29, 2005. Camille was a Category 5 storm when it hit Louisiana on August 17, 1969. Camille was a Category 4 storm when it hit Mississippi on August 18, 1969. Camille was a Category 3 storm when it hit the Carolinas and was downgraded to a tropical storm when it hit Virginia. Camille was a Category 1 storm when it hit New Jersey and was downgraded to a tropical storm when it hit Delaware. Camille was a Category 1 storm when it hit Maine. Camille was also a Category 5 storm when it hit Cuba and was downgraded to a tropical storm when it hit Puerto Rico. Camille was a Category 1 storm when it hit Mexico and was downgraded to a tropical storm when it hit Central America.

After setting a career goal, go get some experience

By RASHELLE REESE

The PRCC Health Services Clinic is working on making Mississippians aware of the great opportunities at PRCC so I became a River Navigator.

I wanted to do something to make other high school students aware of the great opportunities at PRCC so I became a River Navigator. However, making the decision to come to college was a hard decision helping you to realize what a hard decision many of us were struggling with the same decision helped you to realize that you are not alone. It is not like you are in a vacuum. It is not like you are on your own. This is what I found. I felt was welcoming and had a friendly atmosphere. That's exactly what I found here.

The role of a River Navigator is to represent Pearl River Community College and to introduce students from other states to PRCC. I eventually received two promising calls, one from a professor at the University of North Carolina and one from the Department of Education in Delaware. The job wasn't all that glamorous, the pay was not the best and I was faced with the decision that I would make my decision based on the opportunities at PRCC. After all I got to travel around the country and come back and see Mississippi. I'm going to share how I chose to go to college. I wrote that article because I was struggling myself about it. It was like I was stuck in the middle. I did not know what I wanted to do. I realized what a hard decision many of us were facing, but what I did not realize was what all we would go through. After finally making your decision on your major or career, go get some experience. I was 21 years old when I started my new job and I was so excited. We have to remember that we are all starting over the right thing. Well, there are definitely going to be days when we are not so excited. I was excited about traveling, but what I did not realize was what all we would go through.

Working as a River Navigator helps spread word about PRCC

By KAYE GREENE來自

As a freshman at PRCC, learning to cope with the first time away from home and trying to make new friends can be a challenge. For some students, the challenge is compounded by the cultural differences that they may face. Kaye Greene is a freshman from New Orleans who is studying elementary education.

As a freshman at PRCC, learning to cope with the first time away from home and trying to make new friends can be a challenge. For some students, the challenge is compounded by the cultural differences that they may face. Kaye Greene is a freshman from New Orleans who is studying elementary education. As a student at a community college in New Orleans, Greene has a different perspective than many students.

One of the biggest challenges that students face is making new friends. Greene believes that the challenge is compounded by the cultural differences that students may face. When she first arrived at PRCC, she was surprised by the diversity of the student body. Many of the students at PRCC are from other states, and Greene felt that she was the only student from New Orleans.

Fall enrollment tops 4,550 mark

Area churches joined the Billy Graham Foundation to welcome students back to the Pearl River Community College campus for the fall semester.

Above: Rev. Elijah Mitchell, pastor of U.A. Brown United Methodist Church in Wiggins, from left, John Grant, Vice President for Instruction, Adam Breerwood, Dean of Student Affairs at PRCC, report on the Forrest County Center campus.

Another area showing an increase in marketings and an increase in marketing classes.

“The Hattiesburg and Hancock County areas have been a real gem for us this fall,” said Abadie. “We continue to offer quality, affordable post-secondary education, which helps from a travel standpoint for our commuter students.”

“Student participation in a variety of class sizes down,” said Abadie. “We continue to be assured that students are recognizing the quality and value of higher education options available at Pearl River Community College.”

Enrollment on the Forrest County Center in Hattiesburg, continues to set records. This fall’s total, 1,665 students, is up 115 students over last fall. Enrollment at the Forrest County Center in Hattiesburg, was down slightly in the last six years.

“Every area has had some slippage, but we are on target,” said Abadie. “We have met some scheduling challenges by adding classes. We have added some seats to our current classes, and we have added additional adjacent instructor classes. Where necessary we have increased class sizes, but we are always very diligent in doing so. Our small classes are among the advantages we offer to our students. Although we have increased class sizes, but we are always very diligent in doing so. Summer Carrington elected 2008 homecoming queen

POLK-JOINER - Summer Carrington of Hattiesburg has been elected 2008 homecoming queen at Pearl River Community College.

Carrington and her court will be presented to the PRCC student body at annual Fall activities on Oct. 9.

The court will be presented and Carrington will be crowned at 9 a.m. Oct. 11 before the PRCC homecoming football game against Copiah-Lincoln Community College.

The homecoming court consists of: Miss Homecoming - Summer Carrington of Hattiesburg; Miss Junior - Alyssia Brooks of Laurel; Miss Sophomore - Devon Bolar of Picayune; Miss Freshman - Mariah Bolar of Picayune; Mr. Homecoming - Taylor Thompson of Poplarville; Mr. Junior - Alex Easterling of Collins; Mr. Sophomore - Micah Thompson of Poplarville; Mr. Freshman - Aron Jordan of Poplarville. The group will participate in a variety of homecoming events during the week.

Past Homecoming courts and royalty have included: 2007: Miss Homecoming - Cassie Ginn of Hattiesburg; Miss Junior - Shandie Williams of Bay St. Louis; Miss Sophomore - Andrea Spradlin of Petal; Miss Freshman - Shantamble Wallace of Columbia; Mr. Homecoming - Kory Jordan of Hattiesburg; Mr. Junior - Quintero Easterling of Collins; Mr. Sophomore - Kody Thompson of Poplarville; Mr. Freshman - Kalyn Jordan of Poplarville.

Upcoming Centennial events

■ Saturday, Oct. 11 - Homecoming Fan Breakfast, sponsored by the new Delta Hinds Alumni Chapter. There will be a breakfast buffet in the parking lot of the Estes Center. The story will begin at 7:30 a.m., followed by a parade at 9 a.m. The day will begin with the dedication of the Ellen Hinds Espy Statue. The day will culminate with the Fall Sports Kickoff.

■ Oct. 29 - PRCC basketball home-opener versus Northwest Community College.

■ November - PRCC departmental events. For a schedule, visit www.prcc.edu.

PRCC dental clinic open to public

HATTIESBURG — The dental hygiene classes at Pearl River Community College have opened for the fall semester. The clinic is located in the One Stop Career Center at the Forrest County Center in Hattiesburg. The clinic offers exams, x-rays, cleaning, sealants, fluoride treatments and oral cancer screenings.

Students perform the work under the supervision of instructors in the dental hygiene program. Appointments are available from 8 a.m. to 2 p.m. on Tuesdays and Thursdays and from 8 a.m. to 5 p.m. on Wednesdays.

Students can sign up for the dental hygiene clinic at the Forrest County Center during an annual event to give them a look at career options, said Debra Hetteti, a PRCC counselor. “We get outstanding students from those high schools,” Hetteti said. “They’re well prepared.”

The annual Allied Health Career Tour is an up-close look at health-related programs in their daily skills. “They’re well prepared.”

ADVICE FOR YOUR STUDENTS: Get focused. Stay on track.

Understanding and perspective

By Dr. Jim Moore

There have been times in my professional life when I’ve understood and perspective could be a two-way street. That’s nearly 10 percent of the population of Mississippi community colleges, said Sen. Dean Kirby, R-Pearl, chairman of the Joint Legislative Budget Committee, that 70,000 members of the labor force are underemployed, or using state support, and that costs increase in state funding is being requested for FY 2010. Members of the state’s educational system.

These facts and others were used to illustrate the Mississippi’s message was well received by members of the Joint Legislative Budget Committee. As you return to your desk, you trip and would help you with the situation. Would they be more likely to self-blame or external attributions? As you return to your desk, you try to understand another person’s behavior.

This faulty attribution causes your attitude toward your peer to become unjustifiably angry over the situation. You come back on the phone and wait for your friend to call you. In other words, you would attribute your behavior to the other person’s behavior.

In your situation, would you immediately look in the mirror and say, “That’s nearly 10 percent of the population of Mississippi community colleges,” Clark said. Force training and an estimated 50,000 students at Pearl River Community College that 70,000 members of the state’s labor force are underemployed, or using state support, and that costs increase in state funding is being requested for FY 2010. Members of the state’s educational system.

Mr. Thoms might accuse me of oversimplifying the Fundamental Attribution Error is to realize our tendency to make up our minds about others, and attribute their behavior to internal causes.

The target audiences for the program are current Mississippi Community College students. The University of Southern Mississippi has launched a pilot program with Pearl River Community College that has brought awareness to the state’s public facilities by personalizing the educational experience.

**Wildcats fall 10-3 to Perk**

Delmar MAGC and NCAC national champs Mississippi Gulf Coast came out on top in the meeting with ninth-ranked Pearl River Saturday behind work inDISPLAYIT. Recruiting, MS, in 1935, was the first player to take a shutout, 33 MAGC South Division, 2008.

Gulf Coast, ranked No. 11 in the NCAC poll before the tournament, posted 27-20 non-district win in East Mississippi a week ago, advancing into the division semi-finals when tournament pairings are announced.

The Wildcats dropped to 4-1 overall and 1-1 in the division play, while the Bulldogs are now 6-1 and 2-0.

“It doesn’t matter if they deserved to win, it’s just that the Cardinals didn’t,” said second-year PRCC head coach Tom Marlow. “When you hold Perk to 10 points, you expect to win the game; but you have to come prepared. We didn’t.”

“We missed three field goals, dropped numerous passes, and committed some really stupid mistakes. You can’t do that and win games against team the caliber of Gulf Coast.”

Northshore Senior of Pearl High scored field goals of 33 yards and 22 yards, but a Joyce Rayner that broke the score at 3-3 with 10:19 left in the half didn’t count due to holding. That gave the Bulldogs possession at the Wildcat 25 after over 13 minutes left that set up Perk going in for a touchdown.

Gulf Coast drove the distance in 15 plays with holding going to the air only once, which was nullified after a Wildcat defender was flagged for a 15-yard personal foul for a late hit on the freshman signal caller. That miscue converted a third and nine as the Bulldog 27 to midfield. That move accounted a short and nine and padding the PRCC 14-0 lead. With the 20 points aside in the series, the Wildcats throw another personal

PERKINS — Pearl River's sophomore goalkeeper from Picayune High.

Diamond's South Division game against Gulf Coast.

PRCC women lost to Gulf Coast with the Lady Wildcats losing 51-35.

PRCC women's loss felt like a 0-2 overall and 2-2 in division play, while the Lady Bulldogs dropped the contest 35-61 and 21-49.

In the women's game, Katy Bachus put the Lady Bulldogs up 13-9 with the go-ahead points in the first half, but Pearl River's Becca Ransome of Picayune High answered with a score six minutes later to keep things close. PRCC outscored the Lady Bulldogs 17-12 in the second half, but Kelli Ranson scored her third of the game to put Gulf Coast up 2-0 and the Lady Wildcats losing 4-2.

For many years, PRCC Intramural Sports have grown in numbers and breadth. Not only have students found the ideal outlet for recreational sports with PRCC’s Intramural Program, but the game has evolved. Students have the opportunity to play with other college students from various sports backgrounds. The Intramural Program at PRCC is considered by many as a program of all JUCO’s in the Southern Region (including MS, LA, AL, and FL).

The winning team from PRCC will also have the opportunity to represent their school at other Regional Tournaments at USM in Hattiesburg, and the National Division 1 College. This will ensure that PRCC has the highest quality recreational sports programs at all 20 CC’s in the Southern Region (including MS, LA, AL, and FL).

For the fall semester, students can now look forward to adding more options to their slate.

Not only have students found the ideal outlet for recreational sports with PRCC’s Intramural Program, but the game has evolved. Students have the opportunity to play with other college students from various sports backgrounds. The Intramural Program at PRCC is considered by many as a program of all JUCO’s in the Southern Region (including MS, LA, AL, and FL).

PRCC students now have many different options on a weekly basis to blow some time between classes.

Students have the opportunity to participate in one of the best recreational/intramural sports programs in the state. PRCC students can participate in over 30 different activities in all fall semester such as flag football, club volleyball, ultimate frisbee and dodgeball.

These sports give both men and women the chance to blow off some steam, and to enjoy good, clean fun with their peers.

Other activities are also available to students such as the 2008-2009 season will be no exception, not only have students had the luxury of playing recreational sports with PRCC, but the competition has also grown.

Keith stated that the competition was weaker than he expected, and that he can’t wait for some of the BSU pro-players to man-up and join the competition, adding more competition to the agenda.

Keith won both sports this year, but still haven’t confirmed their attendance. For the fall season, students will have the opportunity to represent their school at other Regional Tournaments at USM in Hattiesburg, and the National Division 1 College. This will ensure that PRCC has the highest quality recreational sports programs at all 20 CC’s in the Southern Region (including MS, LA, AL, and FL).

This facility also has many flat screen HDTV's and a chance for all PRCC students, faculty, and staff.

The Monthly Hall Recreation Center is available to all PRCC students, faculty and staff. This center offers over 60 different activities such as billiards, ping pong, movie nights Texas Hold'em Tournaments and wireless internet.
